

Physiotherapy for Chronic Respiratory Diseases Education Series 2025

AIRWAY CLEARANCE IN PRACTICE

CFPhysio.com Inc clinician education series 2025

As a non-profit organisation striving to promote confidence, skills and knowledge in physiotherapists working with people with chronic lung disease, the 2025 series delivers content across a wide variety of topics including inhalation therapy, airway clearance in practice, enhanced healthcare communication, and more.

Registration costs \$30 to attend the live one-hour virtual session. This session will not be recorded. In this session Dr Brenda Button will present a practical session with video demonstrations working together with individuals managing chronic suppurative lung disease to improve secretion clearance and lung health. You will have the opportunity to learn more about putting the principles of airway clearance into practice. Attending this virtual session will assist in further developing your knowledge and confidence to enhance the efficacy of the huff, and autogenic drainage with your patients.

If you have any issues registering or questions please email Jen Hauser at events@cfphysio.com

Presenter: Dr Brenda Button

Virtual Education Session: Monday, September 8th at 5:30pm (AEST)

Register your attendance today!

To register please complete the registration form available at:
