

Physiotherapy for Chronic Respiratory Diseases Education Series 2025

MASTERING ADHERENCE: PROVEN STRATEGIES TO SUSTAIN HEALTH HABITS

CFPhysio.com Inc clinician education series 2025

As a non-profit organisation striving to promote confidence, skills and knowledge in physiotherapists working with people with chronic lung disease, the 2025 series delivers content across a wide variety of topics including inhalation therapy, airway clearance in practice, enhanced healthcare communication, and more.

Register now to gain access to two live virtual interactive sessions with the Thinking Physio Annette Tonkin on November 12th and November 26th at 4pm (AEDT). In these sessions you will be challenged to shift your thinking in how to approach conversations as a clinician, learning more about strategies to support your patients to sustain health habits. The sessions will be interactive, providing education and tools to embed in your daily clinical practice. The sessions will NOT be recorded. Your registration will provide you with the virtual link to attend both sessions.

These sessions will be relevant for ANY healthcare professional working with any member of the community and supporting them in their health journey.

Please note the first session will run for 1.5 hours, the second session will be a 30 minute Q+A opportunity to reflect on your learning, and practice over the previous weeks.

If you have any issues registering or questions please email Jen Hauser at events@cfphysio.com

Presenter: Annette Tonkin

Coach, Communications Trainer
